About Pre Schooling

Every child is Unique and full of Creativities & Innovations, It is depends upon First school how they can expose those innovations & creativeness of child. That is why Play School is very important place for every child. Our life style is changing very fast, due to it our culture, society environment, social value & systems are also changing. Young Tiny Tots are also facing this pressure of performance due to expectations of Parents & Society due to formal school admission procedure also . Indian value system is not focusing on our present teaching pedagogy specially in pre-primary level. We are blindly adopting foreign education system which is not suitable for our environment & culture . We believe there should be blending of Indian value system and new age discoveries , technological learning , as new discoveries and cutting -edge technologies are moving the new age dawn . The way children learn and play has undergone a sea of change today Children weighed down by the burden of expectations and pressure of performance right from a very young age In this process , they miss the most valuable ingredient of childhood - "HAPPINESS & JOY"

We at **J.P.S.** believe in empowering each and every child with the gift of compassionate teaching that leads to passionate learning . That's why ,we set out to an atmosphere for creating, value, voice and vision

among kids with play way methods . At Stan kids we believe that Every child is unique and full of Creativities and Innovations.

At **J.P.S.** we

strive to bring truly international quality pre

-school education with matching infrastructure and facilities at affordable cost. As we believe that pre-school education in India is still largely unrecognized in small cities and semi urban areas and there is a vast scope for improvement especially with respect to standardization of education in this segment and bringing it with the international standard as there is no Government Regulation in this field in our country so far. A Research done by Harvard business school proves that overall early learning experiences in pre-school and kindergarten have a marked impact on overall life success. .

According to them pre school experiences lay a cognitive and developmental foundation that result in improved developmental and academic outcome later on .

Vision and mission

Vision

To establish an Unique value chain of Pre- schools chain that is supreme in offering a powerful foundation to young children with blend of value and latest educational tools & technology at affordable cost and to discover new world of Creativity and Innovation with Fun & Play way learning .

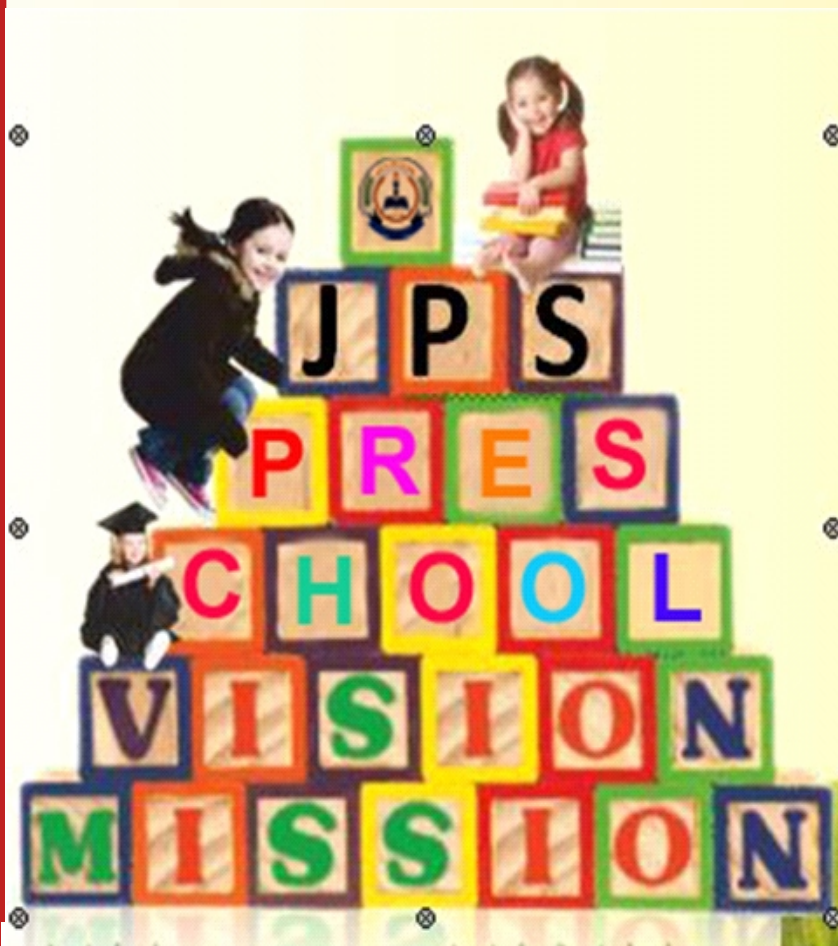

Mission

1. To provide value based and technology enriched Pre-primary education at affordable cost
2. To create world of creativities and innovation to achieve value , voice & vision at childhood stage .
3. To conduct regular research for quality education at Pre-school education .
4. To fulfill the demand and supply gap of organized Pre- school in Ramanujganj by providing quality Nurturing
5. To initiate a vibrant journey that taps, unlocks and enhances the potential of preschools who transform into courageous and motivated individuals .
6. To create gratifying moments of pride and joy for the ambitious and encouraging parents with quality value based education
7. To integrate exceptional processes , which create an iconic franchise model, that offers complete and unique services to the Children at affordable cost .

About J.P.S.

J.P.S. has different & Unique curriculum to see Ramanujganj culture and environment. Our values system is very rich but now days we are going far from our values and blindly adopting foreign system of education which is not practically suitable to our society no doubt some things are good and bad in very system, we should take only good part of the system. So in **J.P.S.** we have blend of worldwide technological best education practices in our value system. We at **J.P.S.** made efforts to create world of happiness & satisfaction not just for the children but also for their parents. We at **J.P.S.** are dedicated to providing children a creatively stimulating and nurturing place of excellence where their growth is self propelled and they can be themselves, as they reveal in the joy of childhood. We provide the opportunities and tools to each child to grow in to a happy, secure, independent and knowledgeable individual.

Philosophy

1. To impart value based education with blend of new discoveries & technological tools.
2. To recognize and respect that every child is unique with lot of Creativities and Innovations in mind .
3. To engage children with experimental and personalized learning , fostering a sense of integrity , collaboration, trust and shared responsibility
4. To provide children Fun based environment where they Learn ,Play and Grow
5. To provide 360 degree quality services to all stakeholders like Parents, Teachers, Community and little ones .
6. To create an environment where every child enters in the school with a huge smile and walks out with giggles and chuckles .
7. To create values voice , vision & right from childhood stage with quality inputs .

Management Team Of J.P.S

J.P.S. is initiative of Group of Academicians , Most of Management & Board members are Professors and Doctorate in different subjects like Management, Education , Engineering , Mathematics , Psychology etc . They are a combination of highly experienced Academic Administrator, eminent Academicians, Trainers and Professionals with expertise in handling all aspect of childhood education. They are a highly qualified & experienced group of individuals, who have consistently been applauded and honored with various recognitions and awards over the years, for their efforts in the Education field, both nationally and internationally. They are a forward thinking group who believe that children are like tiny saplings, the educators are the soil that keeps them grounded, the knowledge provided to them is the air that they breathe, the thinking capability instilled in them is their sunlight and the creative opportunities given them become the water they require to grow. They direct all their schools to provide just the right environment for the children to imagine and create something special without fear or hesitation. Thus emphasizing that -Passionate lifelong learners can be created only through compassionate teaching. All mmanagement team members are continuously doing research on various aspect of education especially pre-primary education and regularly published Research papers on different aspects. Our present MD Mr. BIRENDRA THAKUR has published more than 50 Research papers in different journal of national & International reput on various issues of education & Management .

Our Group And It's Philosophy

Our group is imparting quality education from Pre-Primary to 12th level from more than 20 years . We are team of well qualified Professional & Academicians working in top Academic institutions at school level. At present Our Group & Team members are running Technical Institutions , CBSE affiliated Senior Secondary Schools and chain of Pre -Schools , Skill development programmes of Govt of India scheme. Our Board members are from top Academic Institution of India like IIM , IIT , NIT, and also from Apex body of Education like UGC , AICTE , NCTE etc.

360 Degree Personality Development (The world of Creativities & Innovations)

As Educational & Social Welfare Foundation is proud to introduce **J.P.S.** pre school designed around the child. An earnest effort has been made to create a world of joy & happiness by creativities and innovations not just for the children, but also for parents. Built around a belief that every child needs to be respected and recognized for who they are, we at **J.P.S.** are dedicated to providing children a relatively stimulating and nurturing place of excellence where their growth is self propelled and they can be themselves, as they revel in the joy of childhood.

Methodology & Teaching Pedagogy adopted by **J.P.S.** is based on research and scientific facts on how children learn and what they learn. This process of learning ensures that children develop conceptual understanding of various topics and how to apply these concepts across various subjects in their later schools years. The Students and their teachers use high-tech tools to do simple tasks like learn to form letters, do math problems, and practice reading. **J.P.S.** is registered brand of SHIRSH BINDU BAHUUDDESHIYA SAMITI with Registrar of Trade Marks of Government of (C.G.)

CREATING VALUE, VOICE & VISION BY 360 DEGREE PROCESS

Research shows that very important time for development among children, and we at **J.P.S.** have a strategy that enhances 360 degree Personality Development through creative learning and innovative growing experiences with fun based environment. We at **J.P.S.** believe quality pre-school education with following quality inputs for 360 degree development for creating value, voice and vision right from childhood. It is our basic motto which we can achieve with 360 degree personality development methodology & strategy. Our 360 degree process of quality includes following to provide creative and innovative learning experience to all stakeholders.

Innovative Curriculum

Holistic Child Development

Innovative & Creative Learning Centers

Aesthetic Infra & Ambience

Emotional Intelligence & Growth

New age Methodology & Teaching Pedagogy

Innovative Curriculum

Our Basic curriculum is based on philosophy and vision which is creating value, voice and vision right from childhood. We believe inculcating values among little one apart from technology and other analytical & life skills. Our curriculum is mapped according to the age, and developmentally suitable outcomes are designed to help the children start discovering themselves through their school environment and eventually the world.

1. Curriculum integrating world famous approaches to Early childhood Education with fun based environment
2. Use of arts as a symbolic language for learning and imagination to promote creativities and innovations.
3. Methods to groom children as to acquire value, voice, vision to become confident individuals.
4. Environment rich in possibilities that encourage exploration, inquiry and problem-solving skills
5. Learning through sensory experiences involving touching moving, listening, seeing, hearing and other fun activities.
6. Creating excitement and joy in the learning process.

Holistic Child Development

At **J.P.S.** we stress a lot on Holistic child Development which emphasis on Innovations & Creativities with fun & play way to achieve value, voice & vision at childhood stage. At **J.P.S.** we stress a lot upon the surroundings as we believe that surroundings especially ambience plays a big role in the holistic development of young talents to groom them into an all rounder. We keep the ambience enjoyable and colorful so that the children with us feels like home. We at **J.P.S** try to inculcate following qualities right from early age to achieve our goal. It is not an onetime effort it requires regular efforts with our well planned strategies to achieve it.

Creativity

Thinking Capabilities

Logical abilities

Independence

Leadership Quality

Above qualities are must to achieve our motto value, voice & vision at childhood stage. Special focus are given on following factors like communication, application, Habit formation, Life Skills, Readiness for Primary schools.

Innovative & Creative Learning Centres

We believe at **J.P.S.** that without Innovation & education.

Creativity can not be completed. Base of quality education is innovation & creativity which develop various skills like analytical skill and other life skills at childhood stage with Fun & Play way methods. The following learning centers are very important at pre-primary quality education which promote creativities and innovations.

1. Creative & Innovative Art & Craft Centre
2. 3D Audio -Visual Unique learning
3. Role Play Area & Amphitheatre
4. Soft Gym, Yoga & Aerobics Activities
5. Organic Farming

Aesthetic Infra & Ambience

All progressive curriculums emphasize on the importance of ambience, activities and learning aids. At **J.P.S.**, we offers enough opportunities for children to be involved in numerous sensory experiences through a scientific approaches. We provide a learning environment that develops natural curiosity and knowledge of the real world to our students.

1. Innovative Scientific approach to develop creative & inspiring learning environment.
2. Yoga and meditation activities for Mind Development & Soft Gym Activities.
3. Dynamic classroom set-up with theme based seating, learning corners and informal zones.
4. Unique design for Innovative learning centers
5. Wall themes, graphics and panels to create an enjoyable experience.
6. Rain dance space which can be doubled as stage with Amphitheatre
7. Well-designated outdoor learning spaces, landscaping and exciting play items
8. Inculcating Story freeze, Circle time & Stage exposure with students to boost up students confidence.

Emotional Intelligence & Growth

(Creative & Innovative Child , Brighter & Smarter Child)

Emotional intelligence & Growth are based on creative & innovative learning environment which creates following abilities to emotional development . All the learning activities at **J.P.S.** are designed in such a manner that kids learn it all by doing it on their own . They touch , explore , feel, enjoy and learn it by doing it with the help of carefully selected toys, games, activities, Montessori teaching aids and equipments. To enhance emotional intelligence we at **J.P.S.** stress on development of following abilities ; Visual Ability , Mental Ability ,Mathematical Ability, Language Ability .After development of above abilities child will be more Emotional intelligence and start Perceiving , Managing , Understanding, using emotions in its behaviour and daily routine .

At **J.P.S.** we believe that emotional intelligence is very important and we can develop it by smart teaching learning methodology . In this way child can develop emotions & abilities at early age of childhood.

New Age Methodology & Teaching Pedagogy

The Teaching methodology is child focused and involves interactive teachings techniques using best of the Montessori equipments and material . We lay emphasis on maximum use of games, toys , teaching aids, by well trained staff to attain best results. Methodology adopted by **J.P.S.** is based on research and scientific facts on how children learn and what they learn? This process of learning ensures that children develop conceptual understanding of various topics and how to apply these concepts across various subjects in their later school years. The students and their teachers use high-tech tools to do simple tasks like

- Learn to form letters.
- Solving math problem
- Practice reading.
- Joining and recognition of letters through phonetics.

J.P.S. Teaching Pedagogy

Play way & Pre - Nursery

This program is suitable for 1.6 to 3+ years of students. At this stage, children progress further as our facilitators prepare them for a formal schooling, interview and experiences. A wide arena of themes broadens their vision and helps in stepping a higher milestone apt for their age.

Nursery program promotes language development and puts emphasis on encouraging the inner potential and instill confidence of the students to verbalise their thoughts, feelings and impression of the world around.

At this stage, the child is ready to fly into the world outside and widen his horizon of learning, thoughts and imagination.

Nursery, KG and Class

Till now the children well adjust in their play school with lots of friends and have started with their writing, reading and solving math problems too with the help of concepts learned in the previous program.

The accelerated development ladder, along with the variety of experiences prepares the child for formal schooling interviews and environment.

J.P.S. Junior Curriculum

All of our classes include age suitable preschool curriculum. Children learn through role modeling, dramatic play and wide variety of other experience that introduce the skills necessary for reading, writing, following directions, decision making and socialization. Art activities, organized games, students and teacher selected centres, free play and multiple other activities are part of the daily lesson plans to assure a well-rounded experience for your child.

Your child's daily lessons correspond to our yearly themed curriculum eight stages and goals for your child to reach for and accomplish. These lessons ensure that your child develops necessary skills. We encourage you to keep an open line of communication with your child's teacher to discuss any concerns, questions, goals, and expectations.

J.P.S. Senior Curriculum

We offer a full day, individualized, general education program. Our full day program allows each child ample time to experience each area of development within our broad-based personalized curriculum.

J.P.S. offer a personalized program based on individual student's strengths and weaknesses and incorporates multi-sensory techniques and learning strategies.

Salient features of the same are as follows :

- Determine-and -learn with extremely interactive teaching methodology
- Action based learning, themes and concepts used to impact the knowledge
- Every child treated as a sole individual
- Flexible activity program which is age-appropriate and accommodates the most recent teaching techniques
- Stipulation for both indoor and outdoor activities.

Admission Information

Documents Required

The school academic Year starts from 1st April .The admission may be granted during other months also, depending upon the availability of seats. A birth Certificate as a proof of age and two passport size photographs are required at the time of registration or admission.

Fee structure

The fee is decided based on the facilities that are being offered and the setup that is proposed to be maintained. An important factor is that our fee is inclusive of celebrations, field trips, annual days etc?

Intake age of the Children

1 $\frac{1}{2}$ for the Playgroup, 2 $\frac{1}{2}$ for Pre-Nursery, 3 $\frac{1}{2}$ for Nursery, 4 $\frac{1}{2}$ for KG.
5 $\frac{1}{2}$ for one , 6 $\frac{1}{2}$ for two, 7 $\frac{1}{2}$, for three, 8 $\frac{1}{2}$, for fourth, 9 $\frac{1}{2}$ for five

Teacher child Ratio

1:15 is the Teacher Child ratio for Playgroup & Pre Nursery.
1:20 for Nursery & KG 1:30 One to fifth, 1:40 sixth to eight

Qualified and intensive trained staff

J.P.S. has trained, experienced faculty and committed staff. **J.P.S.** will further train the staff to ensure the best international standard education is imparted to each student. Experienced academicians and child psychologists / experts are also being brought onto the panel of **J.P.S.** Each staff has a loving and caring approach towards everything that is done at **J.P.S.**

School Uniform

We encourage all students to wear school uniform. You can get school uniform bearing the school logo. There will be separate dress for summers (1st April to 31st October) and winters (1st November to 31st March)

Transport facilities

Keeping in line with the expectation of the parents, school provides good transport facility. Pick up and drop facility is given to all students where in a driver and attendant will be there to look after the safety of the student. Though adequate care is taken for the safety of child, the school is not responsible for any accident, mishap or injury that may occur in or around the school premises or during travel. Parents are requested to send a written note if a child is to be sent back with any other guardian not introduced before.

Children's Safety

As a matter of practice we advise parents not to send sick children to the school. However, if the child is in recuperative mode and needs some follow up medicines, then the parents need to give the medicine along with a medicine approval form and the doctor's prescription and we can give it when the time is due. If a child feels sick during the school hours we immediately inform the parent and take the child to nearest available facility with due approval from the parents.

Withdrawal

Thirty (30) days' advance written notice must be given to School before withdrawing a child. Registration Fees, Tuition Fees, Admission Fees, Annual charges etc are **non refundable**.

What makes J.P.S. Unique?

J.P.S. is unique than other pre schools as it uses Montessori methods of teaching while others use traditional approach, here is comparison of J.P.S. with other pre schools.

A Comparison between J.P.S. and other

J.P.S.	Other pre schools
Flexible curriculum	Rigid Curriculum
Allows the child to learn at his own pace	Progresses at teach
Child is free to discover on his own	Constant guidance by teacher
Scientific method of teaching	Non Scientific
Reality Oriented	e-play and fantasy
Specific places for materials - sense of order	Random placement - not necessary to return to specific place
Child chooses activities according to inner needs	Teacher decides what the child has to learn
Child-centered learning environment	Teacher-centered environment
Self-education through self-correcting materials	Use of reward and punishment in motivation
Recognition of sensitive periods in each child	All children are treated alike
Multi-sensory materials to develop specific skills	Play materials for non-specific skills
Liberty to move about self and furniture	Rigid rules not to move furniture and to sit in designated places
Liberty to speak (without disturbing others) as he pleases	Silence is on many occasions enforced
Focus on developing the child's wholesome personality	Focus on imparting maximum quantum of knowledge
